## Warrant

### THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the School District of the Town of Milan qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 13th day of March, 1956 at 1:00 P. M. in the afternoon to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To determine and appoint the salaries of the school board and truant officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose agents, auditors, and committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by the town.
9. To see if the district will vote to raise and appropriate \$400.00 for the purpose of installing the Rinehart Handwriting System in the Milan schools in conjunction with other towns in the Union.

10. To see if the district will vote to raise and appropriate \$600.00 for resurfacing the roof on the West Milan school building.
11. To see if the district wishes to hold its annual meeting on a different day or at a different time next year.
12. To transact any other business that may legally come before this meeting.

Given under our hands at said Milan this 15th day of February, 1956.

## Estimated Income:

National School Lunch Program \$1,000.00. This is an offset item. The amount of the 1956 School Aid is not known at this time, but is deducted from assessment as well as any balance that might exist on June 30, 1956.

\*The starred items are required by law to be raised as determined by proper authorities. The district determines the salaries of the district officers. The Supervisory Union Board decides the local share of the superintendent's salary and other union expenses. The district's share of the superintendent's salary for 1954-55 was \$525.00. Other towns in the union contributed as follows: Randolph, \$223.00; Gorham \$2,625.00; Jefferson, \$568.25; Dummer, \$218.75; Shelburne, \$262.50. These amounts are more than were raised for this purpose by the 1954-55 budget because of duplication of salary for Mr. Knightly for the month of May, 1955. By state regulations, he was entitled to 30 days leave which had accumulated and the union had to contribute to this cost. The state treasurer reports the amount of per capita tax. The Teachers' Retirement Board assesses the amount for teachers' retirement and the State Employees Retirement Association assesses the amount for the superintendent's retirement.

## Report of Superintendent

---

To the School Board and Citizens of the Milan School District :

### FOREWORD

The aims of our schools cannot be separated from those of society, since education is one of the bases on which our society rests. It has been a fundamental principle of American democracy that we should have free public education in this country. Without an enlightened citizenry, our nation would not have grown to its present heights. In New Hampshire, we generally agree that schools should provide the best education possible for each child, whatever his ability might be. Since the ability of every child varies, we should provide the best possible education to fit his individual needs. Our schools must make provisions to handle the bright, the dull, the lazy, the industrious, the shy, the bold, the practical and the artistic.

In the short time that I have served as your superintendent, I would conclude that the schools of Union No. 20 do a good job in teaching the fundamental skills (the three R's). Tests that have been given prove this to be true. We should certainly maintain this good record and, if possible, show some improvement.

There is nothing that will take the place of a firm knowledge of the skills. However, there are some areas in which we should be doing more than we are doing at the present time. Students need more aid in the area of guidance—academic, vocational and social. More time could be spent profitably in the fields of music, art and speech. Effort should be made to provide a wholesome physical education program other than merely competitive athletics. These are not educational “frills” as some people would like us to believe, but are ways in which we can hope to accomplish the aims of education. What are these aims? Very briefly, I would list them as follows :

1. Mastery of the basic skills and tools of knowledge—the three R's.

2. Becoming a good citizen.
3. Being able to enjoy physical and mental health and understanding the laws of hygiene.
4. Appreciating art, music and literature.
5. Being able to provide for needs by employment in the professions, industries, the arts and the sciences.
6. Being able to use increased leisure time wisely.
7. Being able to understand the physical aspects of our world—a knowledge of science.
8. Being tolerant of others, regardless of race, creed, or color.

These aims mean that we must provide both an academic and realistic atmosphere in our schools. While we cannot neglect the traditional type of education, we must also provide practical learning that will fulfill the needs of those students not going on to schools of higher learning.

With an ever-increasing enrollment in our schools and the holding power of the schools growing, we have serious problems facing us. They can be solved only through a sincere interested citizenry who are willing to face the problems and attempt to do something about them.

### TEACHERS

The teachers for 1955-56 remain the same as last year and are listed with their grades in the enrollment and attendance report.

### ENROLLMENT AND ATTENDANCE

We had in our schools on December 20, 1955, 116 pupils, which is a decrease of 16 from last year. Of this figure, 75 are in the East Milan School and 41 in the West Milan School. There was an unusually large 8th grade last year which accounts for the sharp decrease in enrollment. For the next five years our enrollment figures are projected as follows:

Year	East Milan	West Milan	Total
1956-57	81	39	120
1957-58	83	34	117
1958-59	87	35	122
1959-60	89	33	122
1960-61	89	31	120

The percentages of attendance showed an improvement over last year, with all grades having better records. The average for 1954-55 was 96.1 per cent compared to 94.3 for the previous year. However, we also had an increase in the number of tardinesses for the district, but the record still is below the average.

#### BUILDINGS AND EQUIPMENT

The new doors were installed in the East Milan School and the total cost exceeded the amount of money appropriated last year. Also, a coat of paint was added to this school because of extreme peeling of the previous paint. New storage cabinets were added to the West Milan School as well as a new basin and bubbler in the hall of that building. This building basically is very substantial, but needs many repairs. Other equipment in both buildings seem adequate except for the usual replacements.

#### NOTES ON THE BUDGET

The School Board's total budget for 1956-57 is \$42,549.79 as compared to 39,019.57. The increase of \$3,530.22 is accounted for by an increase in tuition of \$2,850.00 and a modest increase for the teachers and janitors.

The \$1,000.00 put in the budget for school lunch is an offset item and an estimated sum of \$1,000.00 can be expected from the National School Lunch program. State aid this year was higher than last year and any amount Milan gets for 1956-57 will be deducted from the amount asked for by the School Board.

#### TUITION

This item accounts for more than twenty-five per cent of the total budget. At the present time, we have 38 pupils attending the high school in Berlin and this number will remain about the same for the next few years. The tuition rate at Berlin for high school pupils is now \$300.00 per pupil.

#### WARRANT

The School Board is putting two special articles in the warrant this year. One is an amount for resurfacing the roof on the West Milan School, which is in poor condition. The second article asks for money to put a handwriting system in the Milan schools. Other towns in the union are also contemplating this move and if adopted will add greatly to the curriculum of the schools.

## CONCLUSION

Because this report is being made for the year 1954-55, most of the details happened during the time my predecessor, Mr. Albert Knightly, served as your superintendent. I would like to take this opportunity to say that I am fortunate in following a man of his ability and efficiency. His work certainly gives me a solid foundation on which to look forward to the future in Union No. 20.

I would also like to express my appreciation to the members of the School Board, the parents, teachers, students and friends for their cooperation and help. With this feeling continuing, I am sure that we can maintain our good schools and also hope to improve them.

Respectfully submitted,  
GORDON R. TATE,  
Superintendent of Schools
